

# The Gift Of nothing

## **Congratulations!**

You have been given the gift of nothing. Absolutely nothing! This is the ultimate in minimalism. Less is more, more or less. Don't you see? Open the package but be aware - nothing will happen.

Allow nothing to flow through your mind and calm your soul. Enjoy the nothingness. You too can discover that nothing really is better than something.

**nothing awaits you!**

**nothing**  
for the person who has everything
